Holiday Deliveries/Inclement Weather

Due to November and December being short months some of the deliveries for December will not be made until January. MBM is doing the best they can to deliver to all the schools in a timely fashion

It is that time of the year when weather can get bad and schools close. MBM/FFM trucks will still be attempting deliveries. Please work with MBM/FFM on appointments in the event of bad weather so all deliveries can be made in a timely fashion.

Food Safety Inspection Service

It seems that almost daily there is an article in the newspaper listing food recalls. These recalls involve food that the LEA purchases through vendors or at the local grocery store. Since it is not possible for our office to be aware of all the different products that are purchased by LEAs, we are strongly encouraging each LEA to designate an individual to subscribe to the USDA Food Safety Inspection Service (FSIS) Constituent Update and Constituent Alert. The site can be accessed at <http://www.fsis.usda.gov/oa/news/subscribe.asp> and at that point an individual can subscribe by providing an email address. The individual will receive an email notification of all the FSIS recalls. After subscribing the individual should check their email daily and communicate the recall information to the food service director/manager.

If our office receives from USDA a recall of donated foods, we will either call or fax the LEA with the appropriate information and procedures to be followed.
